

Dispatches from Our Lady's

On sale after Half-Term will be tickets for Nativity Plays and the Carol Service. £3 each. Available from the Office Team.

**Premier League
Primary
Stars**

'On Friday 4th October eight Y3&4 girls attended a Premier League Primary Stars event at Crawley Football Club. The afternoon started with a tour of the Crawley Town Stadium where Crawley Men's team and Brighton Ladies team play their home matches.

After an indoor session the girls went outside to play in a very well organised football tournament. There were 3 schools attending, so the children got to play everyone twice with the two lowest scoring teams playing each other again in a semi-final with the winner playing the team scoring the highest points in a final.

When the children weren't involved in a match there were members of staff running drills and skills sessions alongside the matches.

The children all played with energy and enthusiasm, working really hard, showing some good determination and plenty of effort.

We came third on the day with the girls really doing themselves proud with their attitude, effort and respect for each other, their opponents and the officials.

Many thanks to parents and OLQOH staff for their support.'

Y6 Cross Country

'Area cross country was held at Oriel High School on 10/10/24. OLQOH had an impressive 19 children representing the school, all of whom gave it everything to complete the mile long course.

In the girls event Ophelia stormed in with energy to spare in 7th place meaning she advances to the county final. Shortly followed by Felicity in 38th place.

In the boys competition Matthew was the first OLQOH runner home in 6th place, swiftly followed by Daniel 10th and Oliver 11th. Congratulations to these 3 who also automatically qualify for the County Final.'

Junior Road Safety Officer

Congratulations to our new Junior Road Safety Officers. The (JRSO) will help to promote road safety by encouraging pupils to raise awareness of road safety issues at our school. Being a JRSO is a very important job, but it's also really good fun.

Throughout the year they will be involved in lots of activities. Such as running competitions, giving talks and tracking and promoting safe travel.
